A **Jump House** can be placed in Lincoln parks. A Jump House Permit is required. All jump house vendors must complete a site walk-through and supply the City of Lincoln with a certificate of insurance.

A **Banner** can be hung at First Street and Joiner Parkway advertising for an event. A Banner Permit is required.

A **Neighborhood Block Party** is defined as an event taking place where a street is closed off so residents in the area may gather. This type of event requires a Neighborhood Block Party Application and a Neighborhood Block Party Permit.

A **Class I** event is defined as a public event or small gathering with 50-99 people. This type of event requires completion of the Special Event Application and a Special Event Permit. A SEI meeting will not be required. Other items may be required depending on the type of special event.

A **Class II** event is defined as a public event with 100+ people in attendance which may include street closures and/or sales/consumption of alcohol. This type of event requires the completion of a Special Event Application, a Special Event Permit, and a SEI meeting. Other items may be required depending on the type of special event.

A **Class III** event is defined as a public event with 1000+ people in attendance which may include street closures and/or sales/consumption of alcohol. This type of event requires the completion of a Special Event Application, a Special Event Permit, and a SEI meeting. Other items may be required depending on the type of special event.
